Delegations – Council briefing

Meeting: Whangarei District Council Briefing

Date of meeting: 6 November 2018

Reporting officer: Emily Thompson, Risk and Audit Analyst

Kathryn Candy, Senior Legal Adviser

1 Purpose

To brief elected members on the upcoming agenda item which will seek a resolution to adopt the full delegations register and associated policy.

2 Background

Council's delegations register is reviewed on a tri-annual basis. The current delegations register and Policy was adopted by Council in March 2014.

The review of the delegation register was initiated in May 2017, as reported to the Finance and Corporate Committee in the same month. An update was reported to Council in June 2017, along with proposed changes to the format of the register and the associated Policy.

At the October 2018 Council Meeting, Council adopted the Council to Staff delegations under the the Resource Management Act 1991 and the Local Government (Rating) Act 2002.

2.1 Delegations Policy and remaining delegations

The timeline and phases for the delegations review are summarised below:

Phase 1 – Initiated June 2017

Delegations mapped to the new Council organisation structure.

Phase 2 – Completed between August 17- September 18

Review of how Council manages delegations.

Phase 2 also included a review of delegations by relevant areas of the business, and a review of the systems and processes for retaining and updating delegations. Following this review draft delegations were migrated into the new SharePoint platform.

Once delegations are adopted this will allow all staff to be able to view and use 'live' delegations across the organisation. The testing for this new area is now complete.

Phase 3 – Due November 2018

The Council to Staff delegations under the Resource Management Act 1991 and the Local Government (Rating) Act 2002 were adopted at the October 2018 Council Meeting.

The full delegations register is currently undergoing a final review for minor typographical errors, and the associated draft Delegations Policy is being completed. Once completed both documents will be presented to Council for adoption in November.

Committee delegations and financial delegations have not been changed as part of this process and will be migrated directly to the new tool in line with in the previous delegation manual.

3 Discussion

As part of phase 2, staff researched what other councils are doing, and looked at best practice for management of Council's delegations. As a result of this review staff have proposed amendments to the Delegations Policy.

The proposed changes to the Policy are largely mechanical, providing for the operational management of delegations from Council. They do not transfer any additional powers to staff.

Under this approach it proposed that, where possible in accordance with legislation, Council delegates appropriate functions, duties and responsibilities to the Chief Executive, who can then further delegate these to appropriate roles.

This approach allows Council's delegations to be managed more efficiently and effectively, while ensuring that the delegations are with the appropriate operational roles.

Council will still have full visibility of delegations to staff via the Chief Executive as shown in the delegations register (see attachment).

In this briefing staff will present proposed changes to the Policy, approach and the delegation categories within the register.
